Forwards the administration report of the census Deptt. for the year ending 30-6-1931.

Subd. for orders as to whether the report may be recorded without any remarks
K 28/8. WL

Please see what was done on the last occasion should not a copy go to the Admn. Report section?

28/8/31

Subd: information is not available as to what was done on the last occasion. According to O.M. No. Q. 1405-55-GM.26-31-1 dt 14-8-1931 the census Deptt. should send in triplicate, the Annual Administration report of his deptt. for the year 1930-31 before 3rd october 1931.

K 1/9 WL
7/9/31

Only monthly progress Reports were being obtained on the last occasion in 1921-22 & there was no annual report.

Perhaps the Report may be simply recorded. There is nothing very special. It does not appear to have been reviewed on previous occasions also.

H.V.Ramasvami, Esq., M.A., B.L.,
Secretary to Government, General Department,
B a n g a l o r e.

SIR,

I have the honour to forward herewith the administration report of this department for the year ending the 30th June 1931.

Officers and Establishment.- I continued as Census Superintendent and Mr. T.Venkatarangan as my First Assistant throughout the year. Mr. S.Nagappa was appointed second Assistant in December 1931, joined duty on the 31st of that month and has continued in the post since then

The strength of the Central Abstraction Office has continue as on 30th June 1930. A Head Clerk, a Deputy Clerk, a Record-keeper and another clerk and menials were appointed for the Central Abstraction Office on various dates beginning in April 1931 about six weeks after the date of the Final Census.

Preliminary arrangements for the Census.- House-numbering was completed in all the charges before November 1930 and the constitution of Census Divisions by the end of that month.

Appointment and training of Enumerators and Supervisors.- Supervisor and Enumerators were appointed in all circles and blocks and the Supervisors trained by the beginning of January 1931. The training of Enumerators was completed by about the middle of January 1931.

Preliminary and Final Enumeration.-- Preliminary Census was begun in the middle of January and completed in most charges by about the 20th of February 1931 that is, about a week before the Final Census. Final Enumeration was made on the 26th February 1931. Provisional Totals were obtained from districts and published on 3rd March 1931, that is, the fifth day after the Census. (Vide appendix A).

Prizes to Enumerators.- Government sanctioned a grant of Rs.1,500/- to meet expenditure for the award of prizes to non-official Enumerators for good work done. 159 prizes of Rs.8/- each were given to Enumerators whose work was recommended by Charge Superintendents for recognition.

Slip-copying.- Slip-copying was carried out in the charges under the supervision of the taluk sheristedars in taluk charges and of such other available officers in other charges. It was begun in all charges within about a fortnight after the date of the Final Census and completed in most by the middle of May 1931. Slips were received from the last charge on 31st May 1931.

Central Abstraction Office.- Government buildings not being available for the location of the Abstraction Office, two private buildings - one in Chamarajpet and one in Shankarpur - were taken for rent for the Central Abstraction Office. Tables, stools and other furniture required for the Abstraction Office were obtained from the Secretariat Stores, the Revenue Commissioner's Office and the Education Department. The office is formed into two sections one located in the Chamarajpet building under the supervision of the First Assistant, the other in the Shankarpur building under the superivision of the Second Assistant.

Temporary establishment of the Abstraction Office.- Sanction was obtained for the employment of 200 sorters, 20 supervisors, and 20 compilers and 24 attenders for abstraction work in the first instance; and the vacancies advertised in the Gazette and applications called for. A beginning in recruitment was made in the second week of May 1931 and the full strength recruited by the end of the 1st week of June 1931. Sanction was later obtained to the employment of 20 more compilers and @ four more supervisors when occasion arose. Only a few of these hands have been recruited.

Sorting and Compilation Code.- Government in their Order No.G. 10093/Census 41-30-2 dated the 2nd April 1931 approved of the

hw compilation

compilation of Tables I to IX, XI, XII, XIV, and XVII to XXVI out of those mentioned in the Government of India's Notificatio No.F.45-43-31 dated the 30th April 1931. Optional Tables Nos. X, XIII, XV, and XVI were ordered to be omitted. The Governme of India having subsequently directed the omission of some othe tables as a measure of economy, sanction was obtained for the omission of Tables XII, XIV and XXII in the State also. The total number of Tables now to be compiled is nineteen.

A code of instructions for the sorting and compilatio for these tables was prepared and printed in time.

Sorting and compilation.- Slips received from charges were formed into Units for sorting and distributed to sorters as recruitment progressed. By the end of June tables VII, XIII, XIV & VI were being sorted for. The compilation of Tables I to V and XVI from the register of slips received from charges was begun immediately after the figures were verified by counting in the Abstraction Office.

Touring.- I visited District Head Quarter Stations in July 1930 to instruct Charge Superintendents on Census work and in October 1930 for giving instructions regarding Enumeration to Charge Superintendents and District Census Officers. Mr. T. Venkataranagan toured in 43 taluks, and Mr. S.Nagappa in 18 taluks to train enumerators and supervisors. In the stage of Preliminary Enumeration I visited 21 taluks, Mr. Venkatarangan 14 taluks and Mr. S.Nagappa 17 taluks.

Industrial Census.- In their Order No.G.4090-Census 8-30-4 dated the 17th October 1930 Government approved of certain industrial statistics being collected in connection with the General Census on two kinds of schedules, one for organised industries and the other for rural and cottage industries, prescribed for the purpose. The schedules were distributed and have been received filled up.

Fertility and Mortality statistics.- The Census Commissioner for India having suggested the collection of certain statistics regarding

regarding fertility and mortality rates, sanction of Government was obtained to the distribution of forms for the purpose. The Senior Surgeon with Government was good enough to get about 4,000 forms filled up by lady medical officers and midwives in his Department. An English lady in Chamarajanagar taluk also kindly undertook to collect the information in her neighbourhood. The Director of Public Instruction having been good enough to agree to get this work done through lady teachers in his department, more forms have been printed and sent to him.

Unemployment Census.- The Census of Educated persons not employed or considering themselves not suitably employed was also conducted along with the General Census. Forms distributed to the several charges have been received.

Railway Census.- The Census of Railway Areas on the ceded lines also was carried out by the State on this occasion. The procedure was the same as in 1921; and railway blocks have been treated as part of the Revenue Areas within which they are located. Slips for these areas are also being dealt with in the Central Abstraction Office.

Expenditure.- Government made a grant of Rs.92,200 to the Department at the beginning of the year. No provision had been made for Abstraction work in the original budget. As it was found later that the work could begin about the end of April 1931, an additional grant of Rs.12,200 was applied for and sanctioned by Government. The figures of expenditure so far as they are available in the office are noted below:

Salaries:-	Officers	Rs.16,717-13-0
	Establsihment	5,683--6-0
Travelling Allowance:-		
	Officers	2,784--4-0
	Establishment	840--1-6
Press Charges	..	6,876--4-0
Money Prizes and Sanads		1,272--0-0
Contingencies	..	15,026--11-8
District Congingencies		7,801--5-9
Slip-copying	..	31,606-7--8
House-numbering	..	261--9-0
Other charges	..	2,592--4-6
Abstraction Office Estt..		2,665--7-0
		Total Rs.93,287-8-7

Conclusion.- Census work throughout all the stages progressed smoothly, all the officers concerned the railway officers of the ceded lines included co-operating heartily. The provisional totals was published one day earlier than in 1921. The Deputy Commissioners and Presidents of City areas made this possible by special arrangement for the prompt reporting of local totals. My Assistants have given me loyal co-operation in all stages of the work and the officials of my office have shown themselves zealous and hard-working. The Superintendent, Government Printing gave willing and prompt attention to all demands made on the press.

I have the honour to be,

Sir,

Your most obedient servant,

M. Venkatesalyengar

Census Superintendent.

vvk.

Appendix A.

MYSORE CENSUS 1931.

SUBJECT:—REVIEW OF THE PROVISIONAL TOTALS.

Dated 3rd March 1931.

The Seventh Decennial Census of the State was taken on the night of the 26th February 1931. According to the Provisional figures furnished by the Deputy Commissioners and Presidents of City Municipalities, the total population of the State inclusive of the population of the Civil and Military Station, Bangalore, and Railway areas both on the ceded and non-ceded lines is 6,557,871 comprising 3,354,899 males and 3,202,972 females. The number of occupied houses is 1,312,083.

2. Compared with the figures of the Census of 1921, there is an increase in the total population by 578,979 or about 10 per cent. The increase in the number of males is 307,782 and in the number of females 271,197. Occupied houses have increased by 115,200 a house being defined as the residence of a commensal family.

3. All the Districts have contributed to the increase. The increase in the case of the Bangalore and Mysore Cities, Bangalore, Tumkur and Chitaldrug Districts is particularly noticeable. The sub-joined table gives a summary of the figures which are all provisional.

Provisional Totals.

Sl. No.	District	Number of occupied houses	Population			Increase since 1921	Percentage of increase
			Males	Females	Total		
1	Bangalore City ..	34,657	91,606	80,636	172,242	53,686	45·38
2	Mysore City ..	21,715	56,362	50,288	107,150	23,199	27·38
3	Bangalore District ..	177,063	462,112	446,258	908,370	119,991	15·15
4	Kolar do ..	170,971	435,311	415,724	851,035	58,696	7·6
5	Civil and Military Station ..	21,612	69,453	64,670	134,123	15,183	12·60
6	Hassan District ..	122,435	301,168	295,969	597,137	13,177	2·22
7	Kadur do ..	73,649	184,263	163,365	347,628	14,090	4·20
8	Chitaldrug do ..	124,798	337,113	319,615	656,728	82,549	14·90
9	Mysore do ..	291,050	702,884	699,283	1,402,167	82,799	6·30
10	Tumkur do ..	171,184	439,451	422,187	861,638	88,516	11·64
11	Shimoga do ..	102,949	274,676	244,977	519,653	27,033	5·48
	Total ..	1,312,083	3,354,899	3,202,972	6,557,871	578,979	..
